

## **Name- E-XPEDITION**

**Date-** 21st February,2021

**Time-** 12pm- 4pm

Number of participants- 102

## **REPORT**

E-xpedition was a treasure hunt event conducted by Udyamita - The Entrepreneurship Cell of Sri Guru Nanak Dev Khalsa College, University of Delhi on 21st February, 2021. Teams from all over India participated in (E)-xpedition and the event was a tremendous success which was reflected by articulate efforts of the team in every step.

Over 100 teams registered for the event via various platforms and got together to go through endless rounds of mystery and adventurous delight. There were various levels of this treasure hunt starting from a simply yet tough quiz which consisted of questions of varied interest. This was followed by a complex round where the qualifying participants had to crawl through tons of different social media platforms and put together the final clue, that was, a Google Meet link which led them to the final round.
