

**PROGRAMMENAME: B.A(Hons)Business
Economics (SEM - IV)
COURSE NAME : Basic Econometrics**

**SEMESTER DURATION :
January to April**

Week	Topic(s)	Teaching Methodology Adopted/ Continuous Internal Evaluation
1	Ch1: Introduction to Econometrics	Powerpoint presentation
2	SRF vs PRF	Class Room teaching
3	Unit 1: Classical Linear Regression Model	Group Discussion
4	OLS	Class Room teaching
5	Gauss Markov Theorem	Real world learning, Class Test
6	Normality Assumption	Powerpoint presentation/ Assignment
7	Testing the Model	Case Studies
8	Unit III- Functional Forms	Class Room teaching
9	Regression with & without intercept	Group Discussion, Q&A Session
10	Unit II: Multiple Regression Model	Class Room Teaching
11	Revision on the topics done	Practice Questions
12	MID SEMESTER BREAK	
13	Mid Semester Exams	
14	Testing of multiple regression model	Class Room teaching
15	Unit V- Dummy Variables	Group Discussion & Class Room Teaching, Remedial Classes
16	Unit IV- Autocorrelation	Group discussion
17	Heteroscedasticity, Autocorrelation	Powerpoint presentation
