<div align="center">**CURRICULUR PLANNER**</div>

PROGRAME NAME: BAP Sem V
COURSE NAME : Data Analysis

SEMESTER DURATION : July to November

Week	Topic(s)	Teaching Methodology Adopted/ Continuous Internal Evaluation
1	Sources of Data	
2	Measures of Central Tendancy	
3	Measures of Central Tendancy	
4	Measures of Central Tendancy	
5	Measures of Dispersion	
6	Skewness	
7	Kurtosis	
8	Correlation	
9	Regression	
10	Probability	
11	Probability	
12	**MID SEMESTER BREAK**	
13	Probability	
14	Estimation of Population Parameters from Sample Data	
15	Unbiased Estimators for Population mean and Variance	
16	Basics of Index Numbers	
17	Basics of Index Numbers	
18	Revision	
19	Revision	

Suggestions:

Teaching Methodology Adopted	Evaluation Techniques	PTM
Group Projects	Surprise Test	Students orientation
Real World Learning,	Q & A Session	
Brain Storming	Weekly practice test	
Learning beyond classrooms	Departmental Exams	
Role play	Students presentations	
Story Boards Teaching	Remedial classes for slow learners	
Stimulated classroom environment	Problem Solving	
Welcome new Ideas	Any other method	
Flip Teaching		

Quizzes and Games	
Google classroom/ canvas / Moodle	
Learning through smart Boards	
Any other
