\*Last date to Register:\* 20 September 2022

\*WHAT IS THE COMMITTEE ALL ABOUT ?\*

The committee is eager to work in the best interests of the students, thus, we offer fee concession to those who are financially disadvantaged.

The Students' Welfare Committee serves as a liaison between the college's administration and the students in order to resolve issues concerning student welfare.

Furthermore, we assist and guide students by providing various scholarships through the central and state governments. The Committee is in charge of developing, reviewing, and evaluating plans and establishing directions for student affairs in

accordance with the college's vision, mission, and strategic plan. 😄 😎
