E-NEXIA

Udyamita, The Entrepreneurship Cell of Sri Guru Nanak Dev Khalsa College organised ENexia – Entrepreneurs of the next Generation to commence the year being primed towards achieving standards set higher than ever that it aims to sustain.

The event encompassed a brain teasing questionnaire and a unique astrology themed mock stock. The third round featured corporate case studies geared towards ethical and workplace dilemmas.

As enriching an experience as the event was for the participants, it also conformed to the adage of "consolidated fun and learning". All the rounds were equipped to ignite the confidence, adroitness and acuteness of students while being a testament to the team which made efforts to bring unique problems to the forefront.

These qualities was further amplified by the presence of our esteemed conveners Dr Jasmine Lamba and Ms Gurneet Kaur as judges and a dedicated team overseeing the evaluation.

Winner 1st Prize : Parmeet Singh BCP 2nd Year

Udyamita looks forward to organising more such exhilarating events in the times to come.
