

BEYOND THE TANK (BTT):

Along with making a social change, Enactus provide ample of opportunities to the non-members to participate and contribute towards our cause. Enactus annually conducts its Social Entrepreneurial competition. Here, we witness participation not just from the Delhi University but from various colleges across the country, since this competition involves devising an idea and presenting it through electronic mode. It becomes a hassle free and fun competition for the participants.

BTT 2021 was conducted from 13 Feb- 16 Feb 2021. It had 120 participants walking in for the first round and 30 participants making it to the second round. The participants came from various institutes like DU, IIM's, NIIT and various other reputed colleges of India. The academic and cultural diversity presented by the participants in their ideas and presentation were so well conceived that there were equally likely chances for the competition to end in dead heat, but the experience, subtleness and wisdom of our panel helped us to wade through the judging challenge and successfully finishing the competition.

The image is a screenshot of a Google Meet session. The main window displays a presentation slide titled "RIGOUT" with a dark blue background. The slide features a central illustration of a smartphone with a red notification bubble, surrounded by various icons including a yellow shirt, a red dress, and a white hat. The word "RIGOUT" is written in large white letters on the right side of the slide. The presentation is being shared by Ayush Rawat, as indicated by the text "Ayush Rawat is presenting" at the top left of the meeting interface. The meeting controls at the bottom show options for muting, video off, and screen share. The Windows taskbar is visible at the bottom of the screen, showing the search bar and various application icons. The system tray on the right indicates the time as 16:41 on 15-02-2021.
