

## **Workshop on Bokeh Photography**

**3<sup>rd</sup> November 2016**

### **Brief Report**

Photobug, the photography society organized a workshop on Bokeh Photography for its members. The workshop was held in the college premises. The workshop started at 2:00 pm. Mr. Manav Chugh and Mr. Shobhit Gupta, Head Co-ordinators of the society prepared all the set-up for hands on training session. They first explained the concept and importance of Bokeh Photography. After this they gave hands-on training to all the participants. Using different objects and background lighting, the participants played with aperture settings to capture some very beautiful images. Thirteen members of the society participated in the useful workshop. The workshop helped all the participants to understand the use of aperture settings and create bokeh effect in their photographs.
