The students were also given an overview of the previous events and initiatives organised by the society, helping them understand its work and contributions. • Following the orientation session, a competition was organised for the participants. The competition consisted of three rounds. The first round was a Quiz round, where participants competed and an elimination process was conducted. Following this round, the top six participants were selected for the second round, which was a rapid-fire round testing their knowledge, quick thinking and responsiveness. • The competition concluded with a tie-breaker round to determine the final positions among participants with equal scores. The competition created an engaging and interactive atmosphere and encouraged participation among the new students.
