Round 1 – First week of October

Final round – 17 October 2020

NO OF REGISTRATIONS - 34

The recruitment process for 2nd and 3rd years of SOFICA started with the circulation of Google forms at the beginning of October. The first round of interviews was taken by the existing members of the society via Google meet. Time slots were allotted to the interested candidates who registered themselves in the recruitment process through Google forms.

We received a total of 64 registrations from various courses/departments.

After the interview, shortlisted candidates were assigned tasks according to their respective fields of interest like technical (poster making), marketing (promotional message), or content for an upcoming event with a specific time limit.

Those who submitted their tasks on time and with good content qualified for the next round of interviews with the convenors.

The last round of interview with convenors was conducted via Google meet, and the results were announced on 17th October on SOFICA's instagram Account.
