

Photo-exhibition
13th and 14th February 2019
Brief Report

Photobug society organized its annual photography exhibition during Surlok 2019 near the college lawns (backyard area). The exhibition showcased best photographs of the society members as well as selected entries of participants who had submitted their creative images online. Photobug members worked in unison to set up the exhibition. About 90 selected photographs were put up on display. A number of students and visitors attended the exhibition and admired the creativity and skill of the photographers. The photographs comprised of portraits, landscape, wildlife, products and macro photographs.. The exhibition had a footfall of about 200 people on both days and was well appreciated by staff and student visitors. Some of the alumni members of Photobug also attended the exhibition

A photobooth was also put up near the exhibition, where Surlok participants and visitors could click selfies and photographs with props.
