

Photowalk to Humayun's Tomb

13th January 2021
Brief Report

On 13th January, 2021, a Photowalk was organized to the famous heritage monument, Humayun's Tomb in Delhi. A World Heritage Site, Humayun's Tomb is one of the best preserved Mughal monuments. This spellbinding mausoleum is the first example of Mughal architecture in India. It provided members the perfect opportunity to capture this magnificent piece of Mughal architecture.

The Photowalk was headed by Mr Manav Chugh, the mentor of the society, and convenor Dr. Ashish Thomas. The photowalk started at 8:00 am in the morning. The members utilised this epitome of architectural beauty to click some beautiful pictures and shoot some cinematic videos. They learnt under the expert guidance of both the convenor and the mentor.

It was the first time since Covid-19 that the team gathered for an outdoor activity and it gave an opportunity for junior and senior members of the society to interact with each other. Twelve members of the society participated in the Photowalk. The workshop turned out to be a fantastic learning experience for all the participating members of the team.
