

Poster Making workshop
24th January 2020
Brief Report

Photobug organised a workshop on "Poster Making" on 24th January 2020 in the college. The workshop aimed at equipping the team members with the required skills for creating posters for various events and competitions.

The senior members of the society, Mr Harsh Rawal, Mr. Chanderdeep Singh and Mr Harman Singh provided a hands-on training session for the junior members of the society. They shared their know-how of tools such as Photoshop and Lightroom, the basics of creating posters, and the utility of posters in different scenarios of events. The session was highly interactive wherein the participants put forward a number of doubts which were efficiently answered. The members were given an on-the-spot task for producing a basic poster to familiarise them with the practical knowledge so that they could implement the concepts that were taught to them.

The workshop was highly beneficial for all the members and helped them improve their poster making skills which, going forward is going to be important for various events of the college.
