

Title of the Event – Intelligent Quotient vs. Emotional Quotient

Organized by – Vanaj, The Commerce Society

Date – 27th September, 2019

No. of Participants - 50

The society organized an exciting seminar in collaboration with the Asia Pacific Institute of Management on the Topic IQ vs. EQ by our Chief Guest, Dr SP. Chauhan on 27th September, 2019. An eye-opening session it was.

It highlighted the critical factors about how Intelligence Quotient and Emotional Quotient affect our thinking process and ability to work. A debate was also organized for the concerned topic. A QnA session was also scheduled to solve all the queries of the attendees.

Dr. S P Chauhan explained the importance of IQ and EQ and how these impact the working of an individual. He explained the importance of mental age and how one mental age is different from calendar age. He also explained a formula to calculate one's IQ.

Dr. S P Chauhan sir also arranged a QnA session where all the queries of students were answered.
