

Online Photography Workshop and Magazine Launch

Workshop Theme: Lights and Shadows by Mr. Ravi Dhingra

Date: 15 November, 2021

Time: 2:00 pm – 4:00 pm

Platform: Google Meet

Participants: ~55

On 15th November 2021, Photobug organised an online workshop on Light and Shadows and launched the first issue of its Photography Magazine- **CAPTURRA**. The event was graced by the presence of Mr. Ravi Dhingra, renowned Lifestyle photographer who specialises in interior, portrait, food and commercial photography.

During the workshop, Ravi sir discussed and emphasized on three critically important aspect of photography- importance of Light, the different types of Lighting used in photography, and the utilisation of shadows. He shared various examples showcasing different lighting scenarios and enlightened the audience with some interesting facts. The audience put across a number of questions and doubts to the speaker which were questions were wittily answered by the experienced Mr Ravi Dhingra. It was a great learning experience for everyone who attended.

Team Photobug also launched the first issue of CAPTURRA, a half yearly magazine of society, which focuses on showcasing the talents of all photography enthusiasts from across India. The magazine also aims to provide relevant and interesting information on various aspects of photography, photography equipment and important events taking place in the world of photography.

A special award for the *Most Active Participant* was provided to Parth Mendiratta for his incisive questions and enthusiastic conduct throughout the workshop.
