Activities (if any) VIRSA- The History Society of Sri Guru Nanak Dev Khalsa College, University of Delhi hosted a specialised talk on the topic "Evaluating the legacy of Gupta's : Science, technology, Art and Architecture" On 10th of february 2026 which was presented to us by our very esteemed guest speaker Professor Rajiv Kumar Verma currently serving as a professor in the Satyawati evening college, University of Delhi.	

Sri Guru Nanak Dev Khalsa College
Dev Nagar, New Delhi - 110005

Main Ideas

- 1. Overview of the Gupta Golden Age:** The talk centred on the multifaceted achievements of the Gupta period, often regarded as the “Golden Age” of ancient India, reflecting its cultural and intellectual vibrancy.
- 2. Advancements in Science and Technology:** Talk show by Professor Verma highlighted significant progress in science and technology, particularly in mathematics, astronomy, and metallurgy, with special emphasis on Aryabhata’s pioneering contributions and their long-lasting impact.
- 3. Growth of Art and Architecture:** He elaborated on the remarkable developments in art and architecture, including the elegance of Gupta sculptures, the emergence of temple architecture, and the refinement visible in the Ajanta paintings.
- 4. Role of Political Stability:** The session also emphasized how political stability during the Gupta period created favourable conditions for such widespread growth and innovation.
- 5. Enduring Legacy and Interactive Engagement:** The lecture concluded by reflecting on the lasting legacy of Gupta contributions in shaping Indian civilization, followed by an interactive question-and-answer round where students actively participated and engaged in meaningful discussion.
