

Photography Workshop
September - October 2018

Brief Report

Following recruitment of new members in the society, the senior members organized two in-house workshops for the new members. The objective of the workshop was to teach the members two important topics. First, basic concepts of Photography and secondly, Framing and Composition, a very important aspect of photography. Mr. Amitoj Singh and Mr. Gundeep Singh, Head coordinators and Mr Harmeet Singh, senior member of the society took up the responsibility of conducting these workshops and sharing their knowledge and expertise.

The first workshop was held on 14 September 2018 on the topic, **Basics of photography**. Mr Amitoj explained the use and importance of aperture, focal length and shutter speed as well as other important settings in capturing good images. The second workshop was organized on 3 October 2018, on the topic, **Framing and composition**. Mr. Gundeep Singh and Mr. Harmeet Singh explained the important concepts for getting the best framed and composed shots. Both these workshops were extremely useful for the new members.
