

Workshop on Lifestyle Photography

by **Mr. Aviral Dhawan**

Date: 20 September, 2021

Time: 11:00 am – 1:00 pm

Venue: Seminar Hall of College

Participants: 30

On 20th September 2021, Photobug organised a workshop on the theme '**Lifestyle Photography**' in the college premises. The event was held in offline mode following proper Covid protocol. The event was open for students of colleges across Delhi/NCR. However due to the Covid situation, only 20 participants were selected on 'first come, first served' basis.

The resource person for the workshop was Mr Aviral Dhawan, a freelance photographer who specializes in product and lifestyle photography. The event started with Ms. Jyothika welcoming the resource person and participants. Dr Ashish Thomas, convenor of Photobug, gave a briefing about the society and the event. Ms Jyothika then introduced the speaker to all the participants following which the workshop commenced. Mr Aviral first gave all the attendees a thorough theoretical knowledge of product photography, commercial photography and the usage of lights and props in the first half of the workshop. During the second half, Mr Aviral, who had also brought his photography equipment personally guided the attendees by letting them have a hands-on experience and making them use the setup he built for illustration. The participants had a number of queries which were well answered by the mentor.

The session ended with a vote of thanks by Nidhan Singh. As the session concluded, all participants were invited for a group photo and lunch. Feedback forms was circulated among all the participants who duly filled the same.
