## Main Ideas

The main idea of the event was to encourage students to debate about important political issues going on in the country. Such debate competitions enable the students to understand and deliberate upon issues such as the current topic Uniform Civil Code which is a much discussed and debated topic in our country.

In this debate competition students participated with much enthusiasm and put forward their views openly on the Uniform Civil Code. Many different views and arguments came into light when students debated about the pros and cons of UCC. The judges also gave feedback to the students regarding their understanding and view points that had been put forward during the debate.
