Introduction to the Speaker	Dr. Anchal Arora, Assistant Professor Economics , Indian Institute Of Foreign Trade (IIFT)
Activities The Lecture on Environmental Challenges , organised by the KIRT society on February 3 , 2026 was a great success . The workshop began with the brief welcome by the hosts and presentation of a plotted plant and a token of appreciation. The lecture primarily focused on Environmental Challenges, related causes and it's solutions, specially focusing on the rise in pollution , change in climate and deforestation. The speaker explains that environmental challenges can be handled by making and following proper rules and laws, understanding the real value of nature and the cost of environmental damage , and working together across countries to solve problems like pollution and climate change that do not stop at borders.	
Main Ideas The objective of the lecture was to spread awareness about serious environmental issues such as climate change, pollution, deforestation, and loss of biodiversity. The lecture emphasises the need to understand these issues and promote responsible behaviour to preserve the environment for the present and future generations.	
Vote of thanks	The Convenor, Dr. Mamta Ahuja, thanked the speaker, Dr. Arora, the faculty members and the KIRT team for their support in the successful conduct of the event.
