## Strategy Plan for 2016-21

**Vision:** “To be an institution of repute, with a humane face, that is dedicated to academic excellence and social transformation by improving the quality of life of its students”. Imparting education to evolving scholars and empowering them through capacity building, the college fashions their young minds by enabling them to think, imagine, analyse, assess, and express themselves through activity based learning. The vision remains to turn Sri Guru Nanak Dev Khalsa College into a viable intersection of academic excellence and moral values. It is only in this manner that the college can meaningfully contribute to community development by providing fair access to the poor and socially disadvantaged groups in the light of the changing economic, social and cultural developments. The college remains dedicated to providing all assistance- technical, infrastructural, or motivational- to students and help them excel in life.

**Mission:** Our mission is to realize the vision by developing lifelong learners- equipped with specialized knowledge, enhanced skill-sets and humane values who are not only employable and entrepreneurial but are also able to contribute meaningfully to social development. We endeavour to make our students agents of change in the globalized world, confident of taking up professional and societal challenges with passion and maturity.

The College has the following mission:

- To develop skilled human resource by instilling scientific outlook.
- To facilitate learners with opportunities to hone their leadership potential to meet contemporary challenges.
- To disseminate inclusive knowledge by sensitising them towards inclusive social concerns, human rights, gender and environmental issues.

### Decisions and Programs should focus on:

#### Academic Excellence:

College is committed to strive for academic excellence and preparing students to achieve their career goals. Teaching skills must be up graded and new techniques adopted keeping in mind the changing/evolving role of teachers as facilitators and mentors.

#### Action:

- Provide opportunities to students to encourage critical thinking and problem-solving skills.
- Start Add on Courses for students to provide professional skills.
- Faculty Development Programs for teachers teaching and mentoring skills.
- Encourage Research temperament.

### **Global Citizens:**

College gives importance to inspiring students to become lifelong learners and acquire skillsets that will facilitate their involvement and movement in International work spaces.

Action:

- Courses on Soft skills
- Personality Grooming sessions
- Sensitive to cultural and economic differences in society.

### **Human Values:**

College has tried to prepare students to be responsible citizens of society and world. Keeping the vision and mission statement of College in mind it should start a society that will focus on inculcating human values and ethics in staff and students. It will endeavour to create awareness and formulate ethic policies, appropriate from time to time, to guide staff and students interaction and thought process. Students should also be encouraged to come together to think and work for Environment conservation.

Action:

- Organise talks/workshops/courses
- Practice ethical values
- Encourage inclusiveness and team spirit
- Create societies focusing on Human Values and Environment.

### **Infrastructure and Technology:**

To continue to deliver quality education infrastructure and technology upgradation is the essential. Student intake has been continuously increasing and to be able to introduce new courses management should provide assistance to college to upgrade its infrastructure. Technology also plays an important role in the teaching learning process so upgrading technology is also desired.

Action:

- Improve WIFI connectivity
- Create space for Classes and co-curricular activities
- Organize training workshops for use of technology
