It was held on February 1, 2021, at 2:50 pm via Zoom. Anubha Vaid an overseas higher education consultant with over fifteen-year experience in the field, was the resource person who guided the students about prospects after graduation. The webinar was attended by a large number of students and faculty members.

An initiative by the Mentoring Committee of the college, the webinar was conducted taking into consideration the feedback from the students regarding the issues they want to discuss in their mentoring sessions. The event began with a welcome note by the convenor of the Mentor Programme, Dr. Neeta Dhingra, followed by an enlightening session by the speaker.

Anubha Vaid talked about various options that students have after their degree discussing each programme specifically. She first provided an overview of the choices available to students of different streams within India and then moved on to specific details of education abroad. She discussed the reasons why overseas education should be considered by students and some popular destinations where they can apply. She also talked about the standard test requirements and scholarships that can be availed for the same.
