Best Practices

During the year 2017-2018, the college has focussed on following two best practices:

Best Practice 1

To make IQAC an integral part of the College and create a healthy culture of incorporating quality assurance in all system processes and activities, IQAC Convenor has also been made the Convenor of Academic Development Committee. This has helped in overcoming the apprehensions of teaching community because Convenor IQAC is able to convince the teachers much more effectively about the new initiatives by providing a context and purpose. More importantly, it has empowered IQAC to create synergies across all activities within the College to implement their plans.

Best Practice 2

Respective teachers coordinating the activities of various societies have been encouraged to give more flexibility to students to take higher responsibilities in planning and executing extra-curricular activities. This initiative step has helped to develop leadership and management skills of students. This has also indirectly helped in improving their participation in regular class activities.
