Judges	Dr. Rishibha Aggarwal Mr. Avichal Bhatnagar Ms. Gurpreet Kaur Dr. Bhagwant Kaur Dr Hardeep Kaur
Activities (if any) Mini Surlok was organized around the lively and relatable theme of metro life. Just like a metro journey connects different people and stories, the event brought together students from different backgrounds to participate, interact, and express their creativity. The activities conducted during the event were thoughtfully designed to reflect the energy, diversity, and spontaneity of a metro experience. 1. Metro Aajkal This activity recreated the unexpected conversations that often happen during metro journeys. Participants were paired randomly, just like strangers sitting next to each other in a metro coach. They interacted, shared thoughts, and built conversations within a limited time. The activity was fun, slightly nervous for some, but truly engaging. It helped students improve their communication skills, overcome hesitation, and experience how meaningful interactions can begin in the most unexpected ways. 2. Reel Making Competition: Reel on Rails This was one of the most creative segments of the event. Participants created short reels inspired by metro life. Some portrayed humorous situations like rush hour chaos, while others focused on emotional or relatable moments such as daily struggles and silent observations inside a metro coach.

Through this activity, students explored digital storytelling, creativity, and teamwork. The variety of content reflected how the metro is not just a mode of transport, but a space full of stories.

3. Treasure Hunt: The Final Station – Treasure

The treasure hunt added excitement and adventure to the event. Teams had to solve clues connected to metro stations and travel themes in order to reach the “final station.”

The activity required coordination, logical thinking, and teamwork. Just like navigating a metro route, participants had to think smartly and move strategically. The enthusiasm and competitive spirit made this segment highly energetic and engaging.

4. Talent Hunt: Talent on Track

This segment gave students a platform to showcase their talents. From singing and dancing to poetry and acting, participants expressed themselves confidently. Many performances were creatively connected to the metro theme, adding originality to the event.

“Talent on Track” highlighted the hidden abilities within the student community and created a supportive environment where everyone felt encouraged to shine.

Main Ideas

The main idea of Mini Surlok was to reflect the spirit of metro life and connect it with student creativity and interaction. Just like a metro journey brings together people from different backgrounds, the event aimed to unite students on a common platform of art, teamwork, and expression.

Through activities like Metro Aajkal, Reel on Rails, The Final Station – Treasure, and Talent on Track, the event encouraged communication, confidence, creativity, and collaboration. It highlighted how everyday experiences can be transformed into meaningful and artistic expression.

Mini Surlok was also organized as a pre-event to the main Surlok celebration. Its purpose was to build excitement and show students that if the “mini” version could be

this energetic and engaging, then the upcoming Surlok would be even more grand and impactful.

Overall, the event successfully created enthusiasm, strengthened student participation, and set the tone for the main celebration ahead.
