#### **Basics of Tally 15 February 2023**

The workshop aimed to guide the students so that they can learn the skill required to operate Tally. The resource person introduced students to Computerised Accounting Software Tally. Students were taught how they can prepare financial statements using the appropriate software. A short MCQ quiz was also conducted at the end of the session to check the knowledge gained by the students. The top 3 participants won cash prizes worth up to ₹3000. Tally is an important tool for calculating monetary terms, accountancy, tax, and GST calculation, managing commercial transactions effectively and efficiently. Tally helps students to manage all their data appropriately and can be easily accessed whenever the need arises. This workshop helped the students to understand and master the basics of Tally so that they can shape their careers and stand out from the rest.

## Short-term Course on Data Analytics using 'R' and Excel September 3 to October 30, 2022

Multiple Choice based Quizzes were taken to assess the continuous learning of the students. A case study in R was submitted by students as a mandatory requirement for the certification. The students completed a project, demonstrating their ability to assess, summarize, and report on data-driven insights using 'R' and Excel. The resource person introduced students to Business Analytics and its tools (R and Excel). Students were taught Descriptive and Predictive Analysis (including testing of hypothesis, regression, times series and forecasting) using R. Basics functions, Application and Data visualization using MS Excel were discussed in the short-term course. This eight-week Data Analytics course equipped the students with basic and advanced data analysis skills to pursue their careers as a Research Analyst, Business Analyst, Research Associate or Data Analytics Consultant. A continuous assessment of students was done through MCQ Quizzes followed up with a case study based project.
