- Not only the events and games, a catchy photo booth, variety of stalls including a stall of different cuisine including Indian, Chinese, western etc. and the very supportive crowd made this event a huge success. There was a stall of jewellery and Handmade chocolates customised too which made us buy so precious memories of that day.
- The last day of Surlok 23 was an artist's day where our college invited a very famous and popular Punjabi singer named Arjan Dhillon. Arjan Dhillon is a very talented Punjabi singer and lyricist who made various beautiful songs with such a meaningful lyrics and exciting music composition too. We all had wonderful enjoyment and had witnessed such a mesmerizing experience of our college life. His enchanting voice and the traditional Punjabi music vibes made us all match steps with the beats. I would like to mention some famous songs of his which are Heer, 25-25, Trucker, Ki karde je, salute, nakhre, hold on, mandeer and many more too.
- "This fest was an unforgettable one and became a part of our important memories of college life."

Main Ideas

- SURLOK means Heaven, a place of God. University is not only a place where you study from books and gain knowledge, but it's a whole city in itself, where you learn the most important lessons of your life through experiences, events, fights, libraries and also through friendships. College aims for every student to pass with flying colors and be successful in their life. Our college organized SURLOK and the main idea behind it was to promote culture and traditions. Culture is basically an umbrella term which encompasses the social behaviour, institutions, and norms found in human societies, as well as the knowledge, beliefs, arts, and habits of the individuals in these groups. The aim was not only to promote culture but to also appreciate the hard work and efforts of students from all over universities who joined together and took part in our various competitions. This event helped students to portray their talent and skills in such spectacular moves and performances. The Annual Cultural fest is an important part of every student's life as it passes by teaching on lessons which cannot be taught by sitting in classrooms. College is beyond academics too and these events are proof of it to make students more confident for their various talents.
- Such events provide a chance for students to interact with peers from other institutions, exchange ideas and learn from each other. These interactions often lead to collaborations and partnerships that benefit the students in the long run.
