

Industrial visit Report to Maruti Suzuki India Ltd.

The Economics Department of Sri Guru Nanak Dev Khalsa College organized an Industrial Visit for the students of Business Economics, on 3rd November 2018 to Maruti Suzuki India Ltd.,(MSIL) Gurugram. There were 28 students in all, 20 from third year and 8 from second year. Five faculty members- Dr. Meena Singh, Dr. Ghanshyam Bairwa, Mrs Sukhwinder Kaur, Dr. Sarika Khurana and Ms.Saumya Chaturvedi also accompanied the students for the industrial visit.

At the very beginning, Mr. Amit Kumar from MSIL met the students. He briefed the sequence of the visit and then the students headed towards the main office. There they met the Public Relations Head of MSIL who gave a presentation on the growth of their operations in India. The presentation talked about from commencement of their operations in India to all critical benchmarks achieved so far. The talk about the various production operations was of most interest to the students and many asked very pertinent questions about them.

The presentation also briefed the students, about the various heads of the company, including the President of Maruti Suzuki , Mr. R.C Bhargava who is also a Padma Shree awardee.

After the presentation the students and faculty were served refreshments and thereafter were taken to their main plant to understand the practical working. Due to safety concerns the visitors were asked to wear the helmets. Upon reaching the plant, the Plant Manager was introduced to the group, who guided the tour further. He also instructed about the precautions to be taken by the students during the plant tour.

During the visit, the students witnessed the whole process of manufacturing a car from blanking, stamping, welding, painting, assembly and inspection to the final dispatch. It was a remarkable experience where the students got a chance to see high-tech robotic technology and automation in different stages of manufacturing. Students also cleared their queries and got an interactive exposure.

The objective of this visit was to broaden the understanding of students in relation to the working of the industry. The visit was an informative experience satisfying the curiosity of business economics students, where they could relate the theoretical knowledge of their subjects with the practical application in industry.
